

Working student (f|m|d) – DevOps

Our Passion - Be a part of it!

Originally as a research project, indurad has been developing innovative sensor solutions for the world's leading raw materials industry since 2008. From our headquarters in Aachen, our team of 150 fantastic employees ensures that our high-quality solutions lead to greater safety and lower greenhouse emissions in the bulk solids and raw materials industry around the globe. indurad combines the dynamism of a start-up with the energy and ideas of a large corporation - that's what makes us so unique! We are a diverse team of talented, innovative people focused on making positive change happen on a large scale.

But one thing is missing – and that's you!

We are looking for a **working student (f|m|d) DevOps** to support our software team at our headquarter in Aachen as soon as possible.

What to expect

- You further develop Python projects and contribute to quality assurance, modernization, and the expansion of our test suite.
- You develop and maintain internal tools and scripts in Python and Bash (e.g., build tools, integration of internal systems such as issue trackers or ERP systems).
- You work on refactoring and optimizing existing code structures and support repository and build processes in a CI/CD environment.
- You enhance our automated documentation generation based on Sphinx and Python and assist in troubleshooting issues.
- You support us with day-to-day development tasks as well as new projects.

What should you bring

- You are studying computer science, electrical engineering, or a comparable scientific or technical field.
- You have already gained solid knowledge and practical experience in Python and Git.
- You have a basic understanding of Linux systems.
- Ideally, you also have knowledge of Bash as well as additional technologies such as C++, CMake, or other programming languages.
- You are characterized by a high degree of independence, initiative, and team spirit.
- You feel comfortable in an international environment: you have good German and English skills and are confident using them.

What we offer you

- Early riser or night owl - Thanks to home office and flexible working time models you can organise your working day yourself
- You will become part of our team and receive direct and professionally sound training and support
- We offer you a workplace with a feel-good factor: bright, modern premises, ergonomic equipment, drinks, free parking and enough space for your own initiative and development opportunities - all this is important to us so that you feel completely at ease!
- Direct lines to management and superiors, open communication, respectful interaction and a relaxed dress code are just as important to us as a lively "you" culture

Perfect Match?

We want it to be uncomplicated for you! Our recruiting expert Bianca Just looks forward to receiving your CV (max. 5 MB), including your salary expectations and preferred starting date, by email at job@indurad.com or via **direct application** through our application form.
