

Mechanic – Prototyping & Testing (m/f/d)

Our Passion - Be a part of it!

Originally emerging from a research project, indurad has been developing innovative sensor solutions for the global leading raw materials industry since 2008. From our headquarters in Aachen, our team of 150 fantastic employees ensures that our high-quality solutions lead to more safety and reduced greenhouse emissions in the bulk and raw materials industry around the world.

indurad combines the dynamics of a start-up with the energy and ideas of a large corporation – that's what makes us unique! We are a diverse team of talented, innovation-driven individuals focused on making a positive impact on a large scale.

But there's still something missing – and that's you!

We are looking for a **Mechanic – Prototyping & Testing (m/f/d)** to join our product development team at our headquarters in Aachen as soon as possible.

What can you expect?

- You assemble and build electromechanical prototypes and test setups.
- You support the further development of designs, identify sources of errors, and optimize assembly processes.
- You create manufacturing instructions for pre-series and series production and carry out rework (e.g. machining and soldering).
- You ensure that all relevant data is kept up to date, from material master data to bills of materials (BOM) in the ERP system.
- You work closely with our design and production teams and ensure compliance with safety and quality standards.

What should you bring?

- Completed technical apprenticeship (e.g. industrial mechanic, mechatronics technician, precision mechanic) or a comparable qualification.
- Solid experience in mechanical manufacturing and assembly, ideally with exposure to design.
- Confident handling of workshop machinery, hand tools, and measuring equipment, as well as basic knowledge of electrical/electronic systems.
- Initial experience with ERP systems and prototyping is a plus.
- A precise, solution-oriented, and independent working style.
- You feel comfortable working in an international environment and have very good German and good English skills.

What do we offer you?

- For this position, we offer an annual salary of between €45,000 and €52,000 gross, depending on experience and qualifications. Additionally, you will benefit from various allowances, such as a company pension plan, business bike, or a subsidy for your job ticket.
- 30 days of vacation and up to five additional days off through flexible working hours.
- Whether you're an early bird or a night owl – thanks to flexible working models (flexitime), you can design your workday to suit you.

- With us, you can expect a diverse and challenging range of tasks in an international project environment.
- Family time is especially important to us, and we live that every day: In addition to our family-friendly working hours, we cover the childcare costs for your child/children – whether it's a kindergarten, daycare, or family care.
- We offer you a workplace with a feel-good factor: bright, modern spaces, innovative tools, ergonomic equipment, drinks and snacks, free parking, and plenty of room for initiative and personal development – all of this is important to us so that you feel completely comfortable!
- Direct access to management and supervisors, open communication, a valued team atmosphere, and a relaxed dress code are just as important to us as a lived "you" culture.

Perfect Match?

We want to make it easy for you!

Our recruiting expert Bianca Just looks forward to receiving your resume (max. 5 MB) with your salary expectations and desired start date via email at job@indurad.com or through direct application via our application form.
